

The National Garden Clubs, Inc. (NGC) created Gardening School Courses in 1977. Gardening Schools Courses are designed to:

- Stimulate interest in the growth of plant materials
- Teach how and why a plant grows
- Teach soil structure and modification for more productive soils
- Illustrate propagation
- Teach plant identification
- Explore specialized styles of gardening
- Teach what effect weather has on plants and how to modify conditions for optimum growth
- Give an understanding of fungicides, pesticides, and growth regulators

**Recommended Reading:**

“The National Gardener” Magazine  
(available on the NGC website)
